 Subject : NEW PRODUCT – DC INVERTER TABLE TOP AIR CIRCULATOR  
 Ref : SAL-SMA-25-A-941  
 CC : DCO, File

---

This is to formally introduce the new addition to our product line-up of Appliance – the “DC Inverter Table Top Air Circulator” with details below:

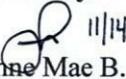

PRODUCT PICTURE	
	
<b>MODEL</b>	<b>KCF-10TRGDC</b>
<b>SRP</b>	<b>Php 2,995</b>
<b>ORDERING DATE</b>	<b>November 25, 2025</b>
Power Supply	1Ph / 230 V / 60 Hz
Motor	Brushless DC Motor
Power Input	14 W
Rated Current	22 W / 0.14 A
Energy Efficient Factor	1.14 m <sup>3</sup> / (w·min)
Maximum Airflow Volume	16 m <sup>3</sup> /min
Sound Pressure Level	21 / 54 dB(A) (Lo/Hi)
Unit Weight	1.89 kg
Unit Dimension (WxDxH)	249 x 215 x 341 mm

#### FEATURES AND SPECIFICATIONS

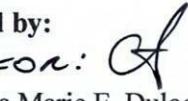

- **DC Inverter Motor** – this consumes less energy while delivering outstanding performance, with a maximum rated power of just 22W, ensuring greater energy savings.
- **Multi-Direction Airflow** – this feature delivers balanced air circulation within the room with its multi direction airflow
  - \* Left to Right - 65°
  - \* Up and Down - 90°
- **Axial Fan Blade & Spiral Grille Design** – designed to provide a gentle and consistent breeze together with its spiral grille design creating a vortex airflow delivering a smooth, comfort airflow.
- **10 Fan Speeds** – the 10 fan speeds of the air circulator can be set up by a touch panel or remote controller, allowing users to choose the perfect airflow from gentle breezes to more dynamic cooling.
- **Touch Control Panel/Remote Control** – this allow users to adjust the settings, including fan speed, air direction, and more that offers maximum flexibility and convenience.
- **5-Hour Timer** – when activated, the unit will run for the duration you specify, from 1 to 5 hours, before automatically shutting off.
- **Stylish and Compact Design** – this features a sleek, modern design that effortlessly complements any interior, enhancing the aesthetics of the user’s space.
- **Quiet Operation** – this features as low as 21 decibel levels, creating a peaceful and comfortable environment, ideal for various applications.

Please be guided accordingly.
