AIR CIRCULATOR

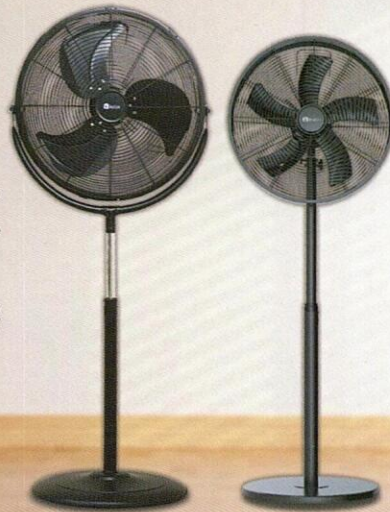

Step into the future of comfort and efficiency with the Kolin Air Circulator—save up to 70% on energy costs! Its advanced brushless DC motor offers quiet, efficient airflow with multi-directional 3D oscillation to keep every corner comfortable.

DC Inverter Household Fan

Kolin DC Inverter Household Fan has brushless DC motor which offers up to 56% energy savings over traditional AC fans. It provides strong and customizable airflow control to ensure comfortable and refreshing environment.

Featuring an adjustable stand, oscillation control, and weighted base for stability—making it ideal for homes and commercial spaces.

Consumes up to 44 W, compared to 100 W for a typical AC fan
